

March 2012

Dear Business Owner/Taxpayer/Concerned Citizen/Animal Lover:

As you may or may not know, the Weatherford/Parker County Animal Shelter has had some major issues since December. In order to try and right some wrongs and create the best haven for our county's homeless animals, some concerned, taxpaying animal lovers have begun a campaign. This campaign began as a group of volunteers that wanted answers to their questions concerning actions by the W/PC animal shelter that involved mass euthanasia and animal neglect.

Recently, these same concerned citizens attended a "No-Kill Workshop" held in Dallas, which empowered them with the knowledge that a shelter that doesn't kill healthy animals is obtainable and (surprisingly) at no additional, if not less, cost to taxpayers!

So who are these citizens? They are advocates who embrace the proven programs and policies of the No Kill Equation; working to end the killing (euthanasia) of homeless, healthy (or treatable) adoptable shelter pets of Parker County and Weatherford, Texas.

Weatherford/Parker County Animal Shelter (taxpayer funded) currently euthanizes healthy (or treatable) adoptable cats & dogs, puppies & kittens for shelter space and/or for lack of appropriate accommodations.

With No Kill policy implementation in place at our taxpayer funded animal shelter, the numbers of lives SAVED will immediately INCREASE - and at no additional cost to taxpayers, as early as day one.

The campaign has now grown into a "Support No Kill at Weatherford Shelter" movement that is taking shape and gaining strength, however as it takes strength, we need additional support.

We are asking Weatherford businesses to support this money and life saving movement by posting our No Kill flyers at their stores and showing support on their marquees if possible. In addition, yard signs and a viable, interactive website are in the works to help coordinate support, however as we all know, this must be funded, so donations are appreciated as well.

Hopefully the word will spread and more people will understand and support this not only worthy but humane and sensible approach to help the voiceless, homeless animals in our county.

Thank you in advance for your support and care.
